SECTION 1 – INTRODUCTION

This directory provides a list of MDwise Medicare network providers.

Welcome to MDwise Medicare. MDwise Medicare has thousands of doctors and many leading hospitals ready to care for you. We combine the resources of independent physicians, multi-specialty groups, ambulatory care centers, ancillary providers, and hospitals to offer our members access to the highest quality health care providers you expect.

You will have to choose one of our network Providers listed in this directory to be your **Primary Care Provider (PCP)**. Generally, you must get your health care services from your PCP.

PCPs are Family or General Practitioners, Geriatricians, or Internal Medicare physicians. You should receive all of your routine care from your PCP. Your PCP will also coordinate your specialty care, ancillary services, and inpatient services.

Please use this directory as a reference when you need to choose a provider for health care services. This directory lists whether the PCP is taking new patients, their office practice hours, and if the doctor speaks a language other than English. If you need help choosing a PCP, you can call Member Services at 833-358-2140 (TTY: 711). You can change your PCP at any time.

The network providers listed in this directory have agreed to provide you with your health care services. You may go to any network providers listed in this directory.

As a member of an MDwise Medicare plan, you must receive your care from in-network providers, except in emergency or urgent care situations or for out-of-area renal dialysis or other services the plan authorizes out-of-network. If you obtain routine care from out-of-network providers, neither Medicare nor MDwise Medicare will be responsible for the costs.

If you are enrolled in a plan with a Point of Service (POS) benefit. You can use your POS benefit to receive care from in-network or out-of-network providers, but you will pay more for these services if you use an out-of-network provider. Refer to your Evidence of Coverage to see if you have a POS benefit and what you will pay for out-of-network services.

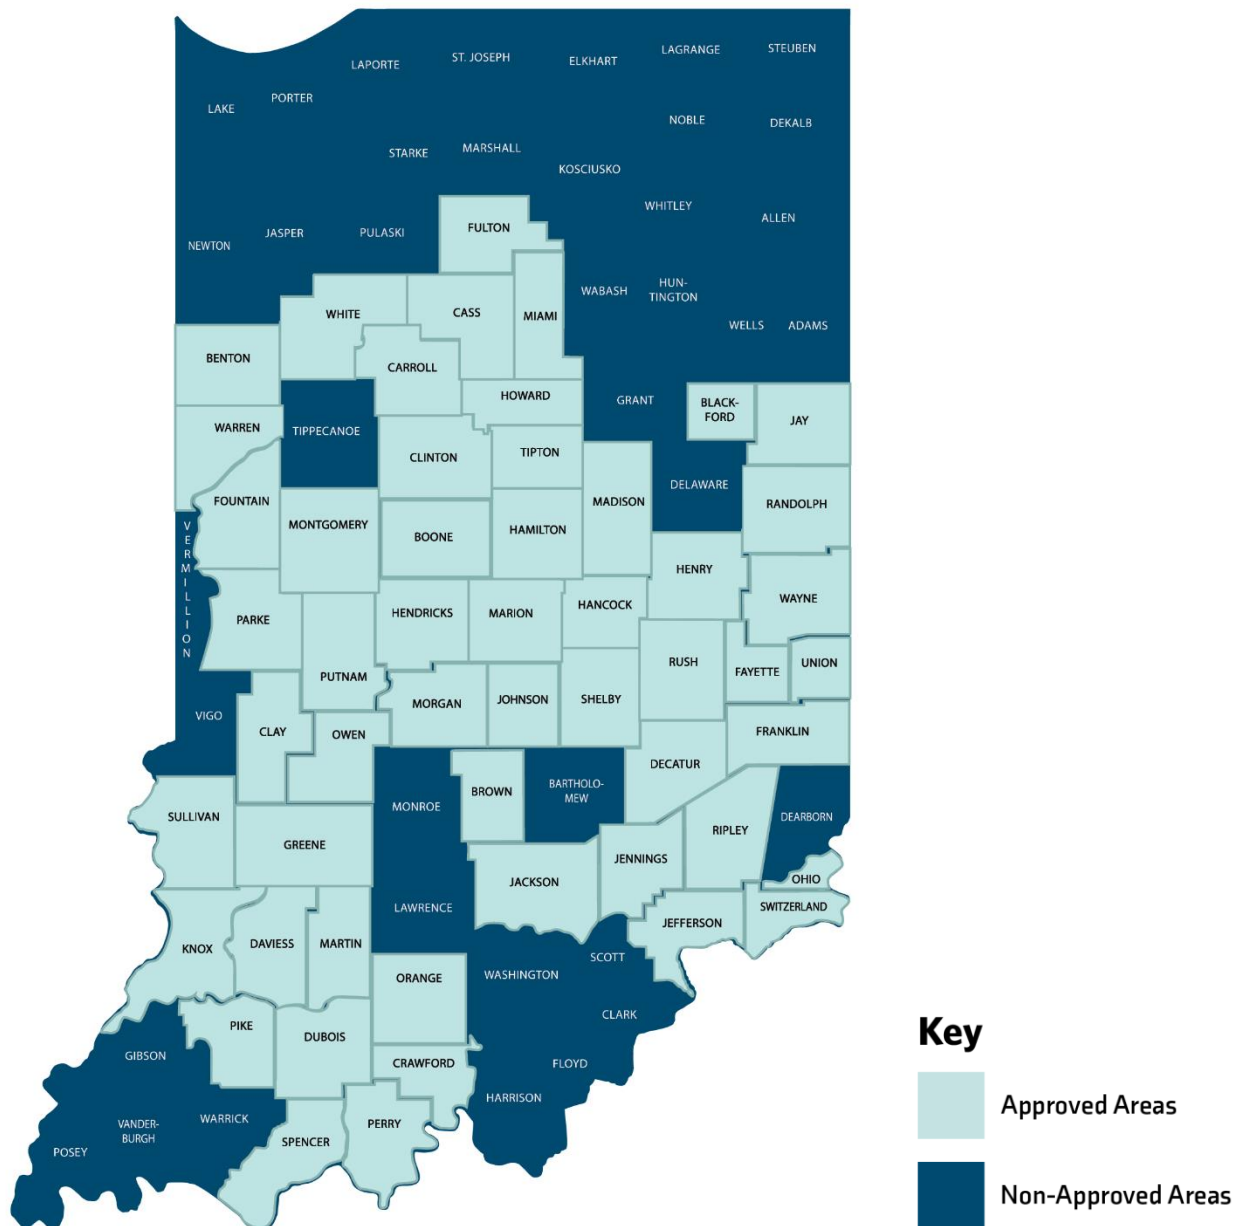

In cases where out-of-network providers submit a bill directly to you, you should not pay the bill. Submit the bill to MDwise Medicare for processing and determination of your liability, if any. Please refer to your Evidence of Coverage for complete details.

You may get covered emergency or urgent care whenever you need it, anywhere in the United States or its territories. Some of our plans cover emergency and urgent care worldwide. See your Evidence of Coverage to find out if your plan covers emergency and urgent care services anywhere in the world.

2024 Pharmacy Directory

This Pharmacy Directory is current as of May 1, 2024. For more recent information or other questions, please contact MDwise Medicare Member Services, at 833-358-2140 or, for TTY users, 711, April 1st through September 30th Monday through Friday, 8 a.m. to 8 p.m. or October 1st through March 31st seven days a week (except Thanksgiving and Christmas days), 8 a.m. to 8 p.m., or visit www.mdwise.org/medicare.

Changes to our pharmacy network may occur during the benefit year. An updated Provider/Pharmacy Directory is located on our website at ww.mdwise.org/medicare. You may also call Member Services at 833-358-2140 (TTY/TDD users should call 711) for updated information.

INTRODUCTION

This booklet provides a list of MDwise Medicare network pharmacies. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and MDwise Medicare's formulary.

We call the pharmacies on this list our "network pharmacies" because we have made arrangements with them to provide prescription drugs to Plan members. In most cases, your prescriptions are covered under MDwise Medicare only if they are filled at a network pharmacy or through our mail order or specialty pharmacy service. Once you go to one pharmacy, you are not required to continue going to the same pharmacy to fill your prescription but can switch to any other of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

All network pharmacies may not be listed in this directory. Pharmacies may have been added or removed from the list after this directory was printed. This means the pharmacies listed here may no longer be in our network, or there may be newer pharmacies in our network that are not listed. This list is current as of 05/01/2024. For the most current list, please contact us. Our contact information appears on the front and back cover pages.

You can get prescription drugs shipped to your home through our network mail order delivery program which is called MedImpact Direct Mail[®]. For more information, please contact us or see the mail order section of this pharmacy directory.

We also list pharmacies that are in our network but are outside of our service area, the area in which you live. You may also fill your prescriptions at these pharmacies. For more information, please see the section in this directory on Network Pharmacies outside of the service area.

If you have questions about any of the above, please see the first and last cover pages of this directory for information on how to contact us.
